

Angels of Hope and Tees for Angels for Children's Hospitals

Did you know that over 3 million children in the U.S. are hospitalized each year?

Children in hospitals are often frightened by their unfamiliar hospital surroundings and people. They can tell that their parents are worried and frightened, too. Hospital procedures can be uncomfortable, and are often painful. This is the time they need the message of the Angels, "Do not be afraid. You are not alone. Most children have heard of Angels, and respond enthusiastically to the presence of an Angel. There are over 30 Angels in hospitals across the country at this time, and we would love to see them available in all children's hospitals, pediatric floors, and birthing centers, for children in every single state.

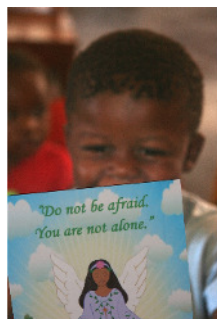

Along with the Angels, we send Love is Real t-shirts and mini cards, Angel Coloring Books, Angel mini cards and/or Angel pictures for the children. This is done at no cost to the hospital. The Love is Real t-shirts and mini cards share another important message with the children, "Love is Real. Believe in Miracles."

You Can Make A Difference!

Individually, we may not be able to do it all, but together, we can do anything and everything we set our minds and hearts to. Please join us in this effort to envelop all of these children in Love!

Angel Coloring Book

Angel Pictures

Love is Real t-shirts (onesies for infants) (with mini cards)
